Nordic Food Conference / Hackathon / Local Food Producers  
30 September - 2 October 2021

On 30 September, Nordic Food in Tourism will hold its Nordic Food Conference in Hotel Valaskjálf, Egilsstaðir, to present the results of three-year work mapping current regional cuisine along with the future in sustainable food tourism.

Hacking Austurland will take place in Neskaupstaður from 30 September to 2 October. Competition winners will be introduced during Tæknidagurinn (Technology Day for Families) on 2 October in Verkmenntaskóli Austurlands, Neskaupstaður (The East Iceland Vocational School).

Matarmót, The Austurland Food Festival, will take place from 14:00 to 17:00 on 1 October in Hotel Valaskjálf, Egilsstaðir, where East Iceland food producers will present their products, accompanied by interesting, informative presentations.

While these four events occur independently, they are linked for instance through the presenters, judges, organisers, etc. More information will be available soon, but we encourage everyone interested to save the dates and keep tabs on developments.
